## Undergraduate Admission Admission Standards

Austin Peay State University invites applications from all prospective students. All complete applications are reviewed carefully to determine the likelihood of the applicant's completion of academic requirements leading to graduation in a timely manner. Admission decisions are based on criteria set by the University.

### High School Graduation

**Public School**—graduates of public schools must submit an official high school transcript showing dates/terms of attendance, credits earned while enrolled, and date of graduation (mailed or sent electronically directly from the institution(s) to the APSU Office of Admissions). Transcripts for graduates of Tennessee public high schools must note that the applicant passed the required proficiency examinations. The Special Education diploma or High School Certificate is not accepted.

**Non-Public School**—graduates of all non-public high schools must submit an official transcript showing dates/terms of attendance, credits earned, and date of graduation (mailed or sent electronically directly from the institution(s) to the APSU Office of Admissions). Transcripts of home-school applicants can provide an official copy from an affiliated organization. Purchased transcripts from organizations not requiring high school attendance for completion of grades 9-12 are considered unsatisfactory documentation of high school graduation. Applicants who are unable to provide a satisfactory high school credential may substitute acceptable scores on the GED or HiSET.

**Alternative Standards**

Any applicant who does not fulfill requirements for any category of admission may be asked to submit an Appeal for Further Review form to be considered by the university’s Committee on Admissions Standards.

**Graduate Applicants**

Graduate applicants must have earned an undergraduate baccalaureate from a regionally accredited institution with a

cumulative GPA of at least a 2.5 GPA\* prior to being admitted to an APSU graduate program. Graduate applicants must complete the graduate application, submit required materials, and pay the non-refundable application fee to be considered for an APSU graduate program. Submission of all required materials does not guarantee admission to APSU's graduate programs.

\*Note, the minimum undergraduate cumulative GPA could be higher for some graduate programs. APSU uses a 4-point scale for determining GPA calculations.

## **Graduate Admission Requirements**

In general, applications for admission to the College of Graduate Studies are reviewed on an ongoing basis. Applicants must consider that all applications require at least 3 to 5 business days to be processed by Graduate Admissions. It is recommended that applications be submitted as early as possible, but no later than two (2) weeks prior to the beginning of the first semester in which the student plans to enroll. However, for some graduate programs, application deadlines exist. The College of Graduate Studies has minimum admission requirements for the purpose of admitting non-degree seeking graduate students. However, each graduate degree program will have admission criteria aligned to national standards that may exceed the admission requirements of the College of Graduate Studies. Each graduate degree program may have more stringent admission deadline dates and requirements; therefore, it is the applicant's responsibility to understand the specific graduate program admission requirements.

Admission to any of Austin Peay State University's graduate programs is based on a careful review and evaluation of a complete graduate admission application submitted to the College of Graduate Studies that includes the following:

I. Completed Application

II. Application Fee (nonrefundable)

III. Official Transcripts from all colleges and universities attended for both undergraduate and graduate coursework\*; these must be submitted directly to APSU by the institution and show that:

- A bachelor's degree was earned from a regionally accredited institution, and
- A minimum GPA of 2.5 was earned (this minimum could be higher for some graduate programs).

\*Non-degree seeking students and certificate-seeking students are only required to provide an official undergraduate transcript

from a regionally accredited institution showing completion of the undergraduate degree with a minimum cumulative GPA of 2.5. In lieu of an undergraduate transcript, if the student is currently enrolled in a graduate program at another accredited institution, then a letter of “good standing” from that institution will also be sufficient.

IV. Additional admission requirements could be imposed by each graduate program. For example, it is not uncommon for admission requirements to include official scores on the Graduate Management Admission Test (GMAT), the Miller Analogies Test (MAT), or the General Test of the Graduate Records Examination (GRE) (verbal and quantitative) that are no more than five (5) years old. The GRE school code for APSU is 1028. Some departments may require or accept other test scores. Please review specific departmental requirements in this bulletin. An applicant who has previously earned a master’s degree may request an exemption from the entrance examination by submitting the Entrance Exam Waiver Form along with a copy of a transcript showing the master’s degree. Entrance exam waivers are granted at the discretion of the academic department and the student should first check to see if a waiver will be granted for his or her proposed program of study. The Entrance Exam Waiver form can be found at <http://www.apsu.edu/grad-studies/future-students/admissions-forms.php>.

**Military**

In addition to the graduate requirements, all military (both active-duty and veterans) may submit documents for military credit prior to enrollment. The following documents should be sent to the Office of Admissions directly from the issuing agency except for Form DD 214:

<b>Branches</b>	<b>Documents Needed</b>
Army	JST transcript
Air Force	Community College of the Air Force transcript
Army National Guard	JST transcript or NGB Form 22
Navy	JST transcript
US Marine Corp	JST transcript
US Military Reserves	Enlistment contract 4-1 or 4-2 or DD Form 2586 or JST transcript
Veterans (Retired or Discharged)	DD Form 214 Member Copy 4 or other forms with characterization of service

**Categories of Admission**

Regular Admission Status will be granted to applicants who have met all entrance requirements prescribed by the College of Graduate Studies and the graduate programs to which they have applied.

Conditional Admission Status may be granted to applicants who have not officially met all entrance requirements prescribed by the College of Graduate Studies and the graduate programs to which they have applied. Under conditional status, any outstanding admission items, unofficial transcripts, and unofficial entrance exams may be submitted until the official documents are received by Graduate Admissions. It is the applicant's responsibility to understand specific admission requirements and submit all required admission documents, official transcripts, and entrance exams by the 10th day of classes (for 8-week sessions, the 6th day of class is the deadline for submitting official documents) for the first registered semester to which the student has applied. After all admission requirements are satisfied and official documents are received, the applicant will be granted Regular Admission Status. Applicants who do not submit all admission requirements by the prescribed time period above will be dropped from all classes in which they are enrolled. If, within the department, an appeal process is warranted, the Department Chair will submit an appeal letter to the Dean of the College of Graduate Studies to delay the dropping of enrolled classes.

Denied Admission Status will be granted to applicants who do not meet the regular or conditional criteria for admission.

Non-Degree Seeking Status may be granted to applicants who desire to enroll in Graduate Studies for reasons other than to seek a degree. An applicant in this category is required to submit an application for admission, the non-refundable application fee, and an official transcript showing a bachelor's degree with a cumulative undergraduate GPA of at least 2.5. Applicants in this category must apply for admission each semester for which they wish to enroll. Students in the non-

degree seeking category are not eligible to receive financial aid. All admission decisions regarding non-degree seeking students will be made by the Graduate Coordinator and/or Department Chair. With the approval of a graduate program, a non-degree seeking student may apply for admission as a degree-seeking student; to be accepted he or she must meet all required admissions criteria.

Certificate-Seeking Status is for students who are seeking specific certificates at APSU. An applicant must be admitted to the department from which he or she is seeking the certificate.

The applicant must have a minimum cumulative undergraduate GPA of 2.5. If the applicant seeks a degree once the certificate is complete, he or she must be readmitted into that program. All credits earned for the certificate can be used toward a degree as long as they are within the program of study for the degree. Certificate-seeking students are eligible for graduate assistantships.

**Readmission Applicants**

An applicant seeking readmission to APSU must resubmit an admission application if he or she has not attended for one calendar year or more and must submit all transcripts from every institution attended since last attending APSU, regardless of whether credit was earned.

Senior II students may register for only one (1) graduate class per term and must reapply for each subsequent semester. Graduate credits earned may not be applied to the bachelor’s degree. Students admitted to this status are not eligible to hold graduate assistantships. The student should check with his or her student financial aid representative to understand how this

classification may affect financial aid eligibility. Individual programs may have special graduate admission requirements, please refer to the University Bulletin.

### **Post-Graduates Taking Graduate Credits**

Post-graduate Status is for an applicant with a previously earned master's degree or greater who is not seeking another degree. No credit limitation applies to the Post-graduate status. The student must submit an official copy of his or her transcript showing the master's degree earned. With departmental approval, a student who decides to pursue a degree while in this status may apply up to nine (9) acceptable graduate semester hours toward that degree. The student must also apply for admission as a degree-seeking student and meet all admission criteria.

### **Transient Applicants**

Transient Status is granted to an applicant currently enrolled in a graduate program at another college or university who wishes to take courses at APSU for transfer credit. A letter of good academic standing from the Graduate Dean or an official transcript from the current institution must be submitted to APSU's Graduate Admissions Office.
